EWSOLUTIONS WINS ‘INFORMATION MANAGEMENT SOLUTIONS’ AWARD FROM U.S. COMMERCE ASSOCIATION

HINSDALE, IL Sept. 14, 2009 — Enterprise Warehousing Solutions (*EWSolutions*) has won the 2009 “Best of Hinsdale” award in the Information Management Solutions category.

Each year, the U.S. Commerce Association uses its "Best of Local Business" award program to recognize outstanding local businesses throughout the United States by identifying companies that have achieved exceptional success in their local community and business category. These are local companies that enhance the positive image of small business through service to their customers and community.

EWSolutions, based in Hinsdale, IL, was founded in 1997. They are a GSA Schedule strategic partner and systems integrator dedicated to providing Global 2000 companies and large government agencies best-in-class solutions focused on enterprise information management, managed meta data environment, business intelligence/data warehousing solutions and data governance and stewardship. *EWSolutions'* consultants average over 16 years of experience and pride themselves on their ability to offer strategic solutions to clients no matter the industry.

“This award is truly an honor,” says David Marco, *EWSolutions'* president and founder. “As more and more businesses struggle with staggering quantities of data that are not well integrated, it’s gratifying that the USCA recognizes the impact *EWSolutions* is having in its community and the larger world market.”

Various sources of information were gathered and analyzed to choose the winners in each category. The 2009 USCA Award Program focused on quality, not quantity. Winners were determined based on information gathered both internally by the USCA and data provided by third parties.

The U.S. Commerce Association is a Washington D.C.-based organization funded by local businesses operating in towns, large and small, across America. The purpose of USCA is to promote local business through public relations, marketing and advertising.
