Continuing Education Credits Now Available for All *EWSolutions* Training / Education and for the 2008 Marco Masters Series

Chicago, IL(2/13/2008) – *EWSolutions* proudly announces the availability of professional and continuing education credits for *EWSolutions* educational courses and the 2008 Marco Masters Series. The Institute for Certifying Computing Professionals (ICCP) has granted the company the right to award Professional Development Units (PDU's) and contact hours for successful completion of an *EWSolutions'* course. Additionally, the State of Illinois has approved *EWSolutions* to provide professional development activities that will allow participants to receive important college CEU/CDPU credits for any successfully completed course taught by *EWSolutions*.

The ICCP (<http://www.iccp.org>) offers the only broadly applicable and internationally recognized certification program in the information systems profession. Certifications include Certified Data Management Professional (CDMP) and Certified Business Intelligence Professional (CBIP). These certifications were developed in conjunction with DAMA International (<http://www.dama.org>) the premier professional association for information management.

The ability to grant PDU's and contact hours as well as CEU/CDPU credits extends to all *EWSolutions'* courses, both in-house training and courses taught at the annual *EWSolutions'* educational conference, the Marco Masters Series to be held June 9 – 11, 2008 at the Westin Hotel, Chicago. Courses scheduled to be taught in the 2008 session are "Meta Data Management Full Lifecycle Development", "Enterprise Information Management Program Development", "Data Governance and Stewardship Full Lifecycle Development" and "Advanced Dimensional Modeling".

EWSolutions' VP of Education, Anne Marie Smith, explains "EWSolutions uses a business-oriented, workshop approach to education in enterprise information management (EIM) disciplines. We base all our education on a combination of concepts, best practices and results gained from many years experience in this field."

EWSolutions courses are taught at client locations, and can be customized to meet an organization's needs. For a complete list of courses from *EWSolutions*, please visit <http://www.ewsolutions.com/education> or send a message to info@ewsolutions.com
