EWSOLUTIONS' PRESIDENT AND FOUNDER, DAVID P. MARCO, RECEIVES PRESTIGIOUS PROFESSIONAL AWARD -- ENTERS DAMA HALL OF FAME

CHICAGO, IL March 1, 2008 –- Data Management Association (DAMA) International recently announced their annual Achievement Award recipients. *EWSolutions*' President David Marco will be presented with the very prestigious 2008 DAMA Professional Award at the DAMA Symposium and Wilshire Meta Data Conference later this month.

This prominent award for professional achievement is presented each year to a member from the business community who has made significant and demonstrable contributions to information and data resource management (IRM/DRM). Each year DAMA International presents achievement awards in four areas:

- **Professional Award** - A member from the business community who has made significant, demonstrable contributions to IRM or DRM.
- **Academic Award** - A member from academia who has done outstanding research or theoretical contributions in the area of IRM or DRM.
- **Government Award** - A member from the public sector who has promoted the inclusion and adherence to standards creditable of IRM or DRM principles.
- **DAMA Community Award** - A member of the DAMA community who has gone beyond the call of volunteer service to enhance the efforts of providing exceptional benefits to DAMA.

Nominations for the Professional Award were submitted from worldwide DAMA chapters over the past several months. The DAMA Awards Committee was looking for leaders who have made a **significant** contribution in their respective category, specifically in the area of IRM / DRM or to DAMA.

The DAMA International Ethics Officer stated "David Marco's nod for the award was unanimous and that all members of the committee felt strongly that the award was long overdue."

The Awards will be presented at the annual DAMA International Symposium and Wilshire Meta Data Conference on March 16. This prestigious event will host several key industry leaders, including Mr. Marco, who will teach the very popular day-long tutorial *Managed Meta Data Environment Full Life Cycle Roadmap*.
